## Honeywell Users Group (HUG) news

### **2025 HONEYWELL USERS GROUP** **EMPOWERING CHANGE** **SECURING TOMORROW**

JW Marriott San Antonio  
Hill Country Resort, Texas, USA  
June 9-11

The 2025 Honeywell Users Group (HUG) registration is now OPEN!

On June 9-11 Honeywell Process Solutions will be hosting its 49<sup>th</sup> HUG Americas symposium at the JW Marriott San Antonio Hill Country, Texas, USA.

[Click here](#) for the 2025 HUG agenda highlights. We will share the detailed agenda closer to date.

EARLY BIRD OFFER: Register for the HUG conference by April 21 for 1,095 USD. All travel and accommodation expenses are at the attendees' own cost and responsibility and are separate from the HUG conference registration fee. HUG conference registration details and fees are listed [here](#), and please visit the venue's webpage for [JW Marriott San Antonio Hill Country accommodation rates](#).

BEFORE you register, please check if your company has a valid Honeywell Process Solutions SESP - Training Match Fund (TMF), or an A360 contract containing HUG passes.

If so, you will need to contact your Honeywell account manager first, to verify if your contracted funds can be used. If this is the case your Honeywell account manager will arrange personalized discount codes for you/your peers, for use on the HUG registration payment page. In all other cases, the HUG conference registration fee requires payment by credit card.

[REGISTER TODAY](#)

Accepted customer presenters should use their personalized discount codes, to waive their HUG conference registration fee.

The 2025 HUG Steering Committee and Honeywell Process Solutions look forward to seeing you  
at the Honeywell Users Group Americas, San Antonio, Texas!

View all conference information at [Honeywell Users Group](#).

[Thank you to our sponsors:](#)

# GLOBAL HONEYWELL ACADEMY

## TRAINING SOLUTIONS

**MARCH 2025**

Welcome to the March edition of “Global Honeywell Academy Training Solutions”. As always, we are excited to share the latest updates, insights, and innovations from Honeywell that we believe will add value to you.

- 1. Exciting News on Training Localization**
- 2. Honeywell Academy: Bringing Training Solutions to Your Site!**
- 3. Enhance Your OT Cybersecurity Skills with Focused Trainings on Offensive Security**

## 1. Exciting News on Training Localization

We are excited to introduce our newly localized Experion AT courses, meticulously crafted to cater to customers specific needs and preferences.

These courses are designed to provide an unparalleled learning experience, ensuring that participant gain the knowledge and skills you seek in the most engaging and accessible manner.

Our dedicated team has put in immense effort to make these courses not only informative but also captivating and easy to follow. Whether you aim to enhance your current skills or acquire new ones, our localized courses offer a comprehensive learning journey tailored just for you.

Currently, we offer the following courses in various languages:

Course Code	Course Name	Languages
EXP-2001C3 R530	Experion PKS: Fundamentals - C300 Controller Implementation	Spanish, Chinese, Korea, French,
EXP-02 R530	Experion PKS: Fundamentals - Server Engineering and Configuration Implementation	Chinese, German

## 2. Honeywell Academy: Bringing Training Solutions to Your Site!

Honeywell Academy is incredibly pleased to announce that we are bringing our top-notch training solutions closer to customer site. We now offer Experion Instructor-Led Training (ILT) courses at multiple convenient locations. This initiative is designed to provide you with the best learning experience, right where you need it.

Stay ahead in your field with our comprehensive training programs, to enhance your skills and knowledge. Join us at a location near you and take advantage of this opportunity to gain experience from the experts.

Location	Cours Code	Cours Name	Schedule and Enrollment Link

### **3. Enhance Your OT Cybersecurity Skills with Focused Trainings on Offensive Security**

Honeywell is pleased to announce a series of specialized cybersecurity training courses designed to equip participants with the essential knowledge and skills necessary to defend against cybersecurity threats. Embracing the attacker's perspective is crucial in effectively protecting your control systems from potential vulnerabilities and cyberattacks.

✓ **OTCS-1003 - Linux System Essentials - Training Course**

Gain a foundational understanding of Linux, the operating system on which many attack tools are based. This course will provide you with the skills necessary to operate effectively within a Linux environment, which is increasingly crucial in cybersecurity.

✓ **OTCS-2004 – Offensive Security Penetration Testing Fundamentals - Training Course**

Interested in mastering all aspects of penetration testing? This course offers hands-on practice with engaging labs, enabling you to gain practical experience and insights into how security assessments are conducted.

✓ **OTCS-2005 - OT Cybersecurity Offensive-Defensive Principles Red-Blue Team concepts - Training Course**

Dive deep into both offensive technologies and defensive strategies. This dynamic training will allow you to practice essential skills and tools while simulating real-world scenarios in a Red Team versus Blue Team format. Alternatively, you will have the opportunity to participate in Capture The Flag (CTF) activities, where you can challenge yourself against other cybersecurity professionals.

For further information on cyber trainings or to register for our training courses, please contact us at:

[Cybersecurity.Trainings@Honeywell.com](mailto:Cybersecurity.Trainings@Honeywell.com)

[Rajan.Patil2@Honeywell.com](mailto:Rajan.Patil2@Honeywell.com)

We look forward to helping you enhance your cybersecurity capabilities and stay ahead of emerging threats.

Regards,

**Honeywell Academy**

## PRODUCTS HIGHLIGHTS

## System Initialization Media R252.1 is released

HPS Technical Support is pleased to announce the release of System Initialization Media R252.1. This updated initialization media includes robustness improvements and adds support for new hardware. It is available for electronic download from Honeywell. For guidance, please refer to the article below, which includes a few screenshots outlining the download process.

[https://process.honeywell.com/us/en/services-and-support/support-center/technical-support/technical-solutions/article-detail.ka\\_000135107](https://process.honeywell.com/us/en/services-and-support/support-center/technical-support/technical-solutions/article-detail.ka_000135107)

#### Definitions:

“Software Package” means any HPS software product developed for the specific functional release of system software.

“Standalone Software” means any HPS software product developed for independent operation from a system software functional release.

“System Software” means machine-readable data and executable programs used to define the functionality of the HPS control system and standard hardware products, but does not include firmware, operating system, application software or other software products.

“SaaS Offering” means any HPS software product which applications are hosted through the cloud and made available to end users over the internet.
