

HONEYWELL WORKFORCE COMPETENCY: FUNDAMENTALS – INSTRUCTOR OPERATION

COURSE OVERVIEW

Course Number: HWC-0001

Course Duration: 3 Days

Prerequisite Course (s): None

The Honeywell Workforce Competency Instructor course provides hands-on experience with the Process Training Simulator under the Honeywell Workforce Competency Suite interface and features. The course uses a model that is designed to maximize the time participants spend learning the skills required to optimize the value of Process Training Simulator in the classroom. On completion of the training, participants become expert users of the training functions of Process Training Simulator ready to deploy the acquired skills and knowledge in their own classroom.

COURSE DELIVERY OPTIONS

- Instructor-Led Training (ILT)
- Virtual Instructor-Led Training (VILT)
